Our *Extreme Clean* Commitment: *Cleaning, Disinfecting, Distancing and Protection*

Ride Safe

Every motor coach is thoroughly cleaned and then disinfected before and after each use as follows:

- ✓ Removal of all dirt and debris, flooring mopped, bus is **fog disinfected**.
- ✓ Special focus on disinfecting high touch points such as entrance area handrails, parcel rack handrails and door latches, and window release bars, plus
 - Passenger seat headrests, armrests, seat belts and seat accessories
 - All surfaces in the restroom, including door handles
 - All surfaces within the driver's area

Onboard air quality is optimized as follows:

- ✓ Cabin air completely exchanged with fresh, outside air approximately every 10 minutes
- ✓ HVAC system filters recirculated air with MERV 5 or higher rated filter media, removing respiratory droplets

We help everyone stay safely distanced:

- ✓ Physically distanced seating is recommended, though members of the same household may sit together.
- ✓ **When that is not possible**, either due to logistical or budgetary reasons, it is permitted to fill every seat, in which case masks and hand sanitization are recommended.

Ride Smart

- ✓ Hand sanitizers provided on board
- ✓ Passengers are encouraged to wear a face covering, as are our drivers
- ✓ Maintain physical distancing as you enter and exit the coach
- ✓ PLEASE do not travel if you're sick – we can always help you another time

Ride With Confidence

- ✓ We consistently comply with guidance as provided by our industry associations, as well as the CDC, WHO and local governments
- ✓ Our drivers, technicians and staff have been trained in best practices, including those related to baggage handling
- ✓ Our additional investments in intensified cleaning and protection help ensure a sanitary environment

We are going the extra mile to keep our coaches **clean** and **safe** for you based on current federal guidelines.
