Staff work hard to develop specific player development plans, which assists players to reach their athletic / academic goals.

The 2023 SJHL Bantam Draft will be held in June. The 2023 SJHL draft will consist of 6 rounds of 2007 born players followed by 2 rounds of 2008 born players. The draft enables teams to build their "prospect pool" and while connecting 2007 / 2008 age groups in Saskatchewan.

The Melville Millionaires made history during the 2007 draft in 2022. Leo Jewitt (3rd), Alex Morrison (4th) and Wesley Olson (5th) became a part of history as they were selected in the 1st round of the 2007 born draft.

The organization is committed to developing young players. There are currently five (5) players competing in Major Junior Hockey, who have developed with the Millionaires. "We provide a program to develop players for many pathways. Major junior is one of the pathways. We have three 2005 born players who play important roles on our team and will all have opportunities at major junior or college".

The Melville Millionaires will continue to build with young players they draft and develop, but will search "far and wide" to find players.
